Subject: User Group Info

Christine,

This email is being sent regarding the membership/attendance of members of the GEM Citizens' User Group:

Ms. Carla Mitchell, Commissioner Grippa's appointment, has not attended meetings in the last 18 months and cannot be reached at either the home or office phone numbers provided.

Mr. David Metcalf, Commissioner Maloy's appointment, has not attended meetings in the last 18 months and cannot be reached at either the home or office phone numbers provided. Also, Mr. Metcalf's mail is returned as undeliverable.

Mr. Keith Simmons, Commissioner Proctor's appointment, has not attended meetings in the last 18 months. And though contact information seems to be correct, he does not return calls or acknowledge letters regarding attending meetings.

The GEM Citizens' User Group makes recommendations on growth and environmental issues considered to be of priority interest with the sole intention of assisting the Board and its staff to better serve the growth and environmental interests of the community.

It becomes difficult for the GEM Citizens' User Group to review and make timely recommendations on new Ordinances or amendments as they relate to the Comp. Plan without considerable group participation.

The GEM staff recommends that the above-named members be replaced.

In addition, Ms. Kathy Archibald, Commissioner Rackleff's appointment, has resigned because she cannot devote time to the GEM User Group, due to a family illness. A replacement will be needed.

Thank you.
